

Together We Are Making A Difference!

20 orphan and poor girls learn the trade of sewing in Punjab India

There is nothing that blesses our hearts more than to see others blessed in life and lives that are changed for the glory of God. We are so excited that once again in Punjab, India we are starting 2 groups consisting of 10 girls each who are either orphans or poor to learn the trade of sewing.

We know that this is a very important skill for them to learn to help them to earn a living and to enable them to help their families and to keep them from being sold into marriage etc.

Pastor Silas and his wife Vandna are two amazing people with a heart and passion of love for these precious girls here in India. They look after them and help run the groups.

In February of 2019 we will get to be with them and our hearts are very excited to see them learning. We know that God will bless their ability to learn how to sew there.

We are very excited about their teacher Eketa who was one of our first students who is now the head teacher to teach these girls this amazing trade that will impact their lives forever! We love her so much!

A hydroponics catfish pond to feed many lives in Uganda!

What is happening here in Uganda, Africa is totally beautiful to see as it is now taking place. With the help of the local Rotary club here in Wallingford, Vermont. They have helped us to build a hydroponics catfish pond that will feed countless families here in Africa.

Along with this pond we will also be able to grow vegetables on top as the solar powered motors flow water through the pipes to water the plants and to circulate it back to the fish pond to grow the catfish.

God is blessing this project in a powerful way to impact this local village for the sake of the glory of God! We thank Him always for everything He is doing to enable us to be a blessing for the beautiful people of Uganda. Our hearts are totally blessed by His goodness and abundant provisions that He has supplied to get this project done. To God be the glory!

1,200 pounds of goods to Africa has arrived after 6 months!

You just can't imagine how happy we are after packing over 1,200 pounds of things to send by boat to Uganda, Africa! It has finally arrived there. So so many clothes that will help hundreds of children along with many godly books to help local pastors to grow into the things of God in a deeper way.

Along with this were baking items to help to continue to enable the ladies to bake. Thank you Jesus for this amazing blessing for them!

Ednah teaches orphan girls

This is our amazing Mama Ednah who is one of our main teachers here at Haddessah Girls Empowerment Center. Despite her disability she teaches them the skill of necklace bead making to sell to people. We love her dearly!

A Salon dream comes to pass

Another beautiful thing that is now taking place is the new hair salon that we were able to put into place here in Africa with Pastor Mohammed and his wife Sandra. They had a dream and a vision to help girls learn this trade and to enable them to earn money and to give them hope. You can see it is now happening and we are so thankful to God for this.

An amazing dinner benefit

An amazing dinner to benefit our hydroponics catfish pond was put on by the Wallingford Vermont Rotary who blessed us with this benefit to help the precious people of Uganda, Africa. It was a huge success and we were able to raise enough funds to make this project dream a reality! We are so blessed!

We love and appreciate all of you who are a part of us!

Once again we can't thank all of you enough who are an amazing part of us from those of you who help financially to support us to the amazing prayers for everything that we are seeking God to do. Without you we could never do what we do!!! We are so grateful for all of you and love you so very much! May God continue to bless your lives!!!

Our love to you all!
