

With God All Things Are Possible!

600 Meals Given for Brick Factory & Slum Area Families in Nepal

We are so blessed by the awesome power of our loving God as we journeyed this past December to Nepal. In Nepal we experienced the outpouring of love to the precious families of the brick factory and the slum area as we were able to give out 600 meals.

As we first went to this area our hearts simply broke as we were in tears for the hundreds of beautiful men, women, and children that are slaves to the brick factory. They work making bricks for not even a penny a piece. Their hands were so rough and the children did not have proper food or ways to clean themselves.

When we first saw these hopeless people the scripture that came to my heart was in Matthew 9:36 in which Jesus said..." But when He saw the multitudes, He was moved with compassion for them, because they were weary and scattered, like sheep having no shepherd."

God's love was totally displayed in so many ways here and we have now established a relationship with these families. God has directed us to plant a church in the brick factory and in the slum area. We are so thankful to God for these open doors.

A Loving Church United with a Purpose to Bless the Orphans, Widows, & Poor with Countless Handmade Clothing Items & Teddy Bears etc.

We are so thankful to God for the amazing love and support that we continue to receive from the amazing hearts of the beautiful ladies of the East Middlebury United Methodist Church.

For years now they have been blessing us with countless handmade clothing items along with handmade teddy bears, pocketbooks etc. for both poor and orphan boys and girls in Uganda, Africa.

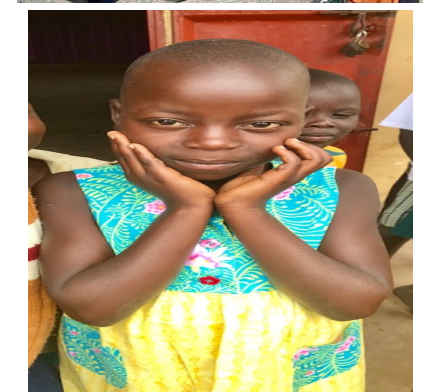

They also sponsor many children on a regular basis for schooling and are an amazing blessing to the heart of God. We love and appreciate them so much for their passion and love for others.

Vicky Loven Makes Hundreds of Handmade Dresses for Uganda Orphans!

What this woman has done single handedly is just totally amazing to our hearts! Vicky has dressed hundreds of poor and orphan children throughout Uganda with her handmade dresses that are absolutely beautiful!

All year long she sews and sends us with her dresses that bring joy to the children of Uganda. It gives these children a sense of pride and dignity when they put on a new dress. Just look at this little girl that received her dress here and the joy that is on her face.

Vicky has such a passion and love for God and we can't thank her enough for these incredible gifts that we continue to bring to the children!

Glasses for Reading the Bible

We have been able to continue to bless so many people on every trip that we have been on with glasses to read God's Word. What a blessing for some of them to see words clearly for the first time!

Another 1,500 lbs. to Africa

Finally, after 4 months of travel by boat the shipment of Christian books to establish a Christian library in Uganda, Africa has made it there! We are so thankful to God as this is going to enable pastors, leaders and the people to grow into what God has for them. Another shipment is on its way! This is an amazing gift from the many donations of so many of you. Thank you all so much!

Sewing Project for Poor and Orphan Girls in India

We are so excited to see yet another group of poor and orphan girls here in India who live near the border of Pakistan to receive a sewing trade. This will totally change their lives and will help to enable them to earn a living. We have been able to start 4 more of these projects in India totaling 50 girls! This is such a blessing!

Our Hearts Are So Thankful for Each and Every One of You!

Both Darlene and I are so humbled by each and every one of you for your amazing love and support for everything that you have blessed us with. We together are changing thousands of lives for the sake of the Kingdom of God. Thank you so much for your financial contributions as well as the many donated items and the amazing prayer support!!!

Our love to you all!

Rev. Jim and Darlene Hetzel
