

God Is Doing Great and Mighty Things!

A trip to the jungle of Narayani Nepal where we ministered God's heart

It is such a joy for us to share some very exciting news as we traveled many hours by public bus, jeep, rickshaw, motorcycle, then by foot into the jungle region of Narayani Nepal

We spent two days here and ministered the amazing powerful love of Jesus and shared the Word of God for the first time to these beautiful people.

This was the first time that any Americans had ever come to visit these people here in this remote region of the jungle of Nepal.

I can tell you that it definitely had its challenges but we are so thankful that God's grace is sufficient even in our uncomfortable circumstances.

We were able to give out many things to them such as eye glasses, solar lights, food, candy and toys for the children, as well as other items. We are so blessed by everything that God has done.

They did not have any Bibles here, so we are excited to be able to supply them with many Bibles. Our hearts rejoice as we know that they will be able to learn and to grow into what God would want for them from His Word.

Many souls are continually being added to the church daily here in Amritsar India where we baptized new converts who gave their hearts to Jesus.

I cannot tell you how joyful we are that we were able to baptize so many new believers here in Amritsar, India as we ministered in Pastor Silas's church "Prayer House of God".

The joy that was on their faces as they publicly proclaimed Jesus Christ as their Lord and Savior was just totally precious and an honor for us to be a part of.

We are so thankful for the amazing growth of believers that God is daily adding to the church here in India. Lives are totally being transformed by the power of the Holy Spirit.

Our Haddassah girls here in Uganda Africa are taking things to a new level in making liquid soap to become self sufficient.

What is happening here in Uganda, Africa is just totally amazing! After just a short time the Haddassah girls who started to make liquid soap products are now selling them in stores to help them to earn a living.

They have gone from just using soda bottles to real containers with labels that tell of who they are. God is moving in their lives in a powerful way. We are so proud of them all. Glory to God! We know He has great plans for all of them. We rejoice in this new level of expertise.

Another new church in Nepal

It is with great joy that we are able to share with you the new church that we have been able to start here in the brick factory of Nepal. This is a huge blessing for these precious people who work as slaves for barely nothing to make bricks.

The catfish pond is thriving

After many months we are now seeing the harvest of the catfish that are being raised to feed many families here in Uganda, Africa. They are doing an amazing job with the catfish pond that we were able to help to get off the ground and to see the blessing of the Lord for so many families in this region of Uganda. We are so thankful to God!

Over 2,000 Bibles were distributed in India

This is just totally glorious! We were able to purchase 2,000 bibles to give to pastors and leaders who are giving them to their church members to spread the word of God in many areas of India. People here are so hungry for God's Word which they will now have. Hallelujah!

We are so thankful for all of you!
May God bless you abundantly!

We just can't thank each and everyone of you enough for helping us to make all of this possible. It is definitely not about us, but it is all about advancing God's Kingdom in the countless lives who are continually being touched by Him. May Jesus alone receive the glory! We are thankful for you all!

We love and pray for you continually!

Rev. Jim and Darlene Hetzel
