Obligatory Stewardship Responsibilities Simplified.

Credential Holder Stewardship

- Ordained Minister (OM) - \$110.00 monthly
- Minister of the Gospel (MG) - \$90.00 monthly
- License to Preach (LP) - \$70.00 monthly
- Christian Worker (CW) - \$50.00 monthly

- Credential Renewal Fee: \$50.00 yearly

Special Rules and Accommodations

- *When two (2) spouses hold credentials, the lesser credential holder's obligation is reduced by 50%. This means that the spouse with the higher credentials (if applicable) pays the full amount and the spouse with the lesser credentials (if applicable) pays half the amount of the month stewardship.*
- *Inactive/retired/special circumstance ministers with limited or fixed incomes may be granted relief from set contribution amounts when proper protocol has been followed concerning their situation as defined by the policy manual but are encouraged to give as they are able. Credential holders that meet these criteria should contact their District Overseer to inquire about a reduced stewardship obligation.*
- Credential Holders who have been granted Missionary status or Missions Infusion status are not obligated to pay stewardship, as the National Missions Department (World Impact) pays the \$25 monthly stewardship on their behalf (regardless of their credential level). Those granted Missionary Status or Missions Infusion status who can afford to pay stewardship, are encouraged to do so.

Affiliated/Associated Church Stewardship

- *Each church shall contribute a minimum of \$2.00 per adult attendee per month. These contributions shall be based on each church's annual average Sunday adult attendance. Adults are considered attendees age 18 and above.*
- *Church contribution obligations are capped but not limited to \$1,000 per month*

IFCA Financial Policy

Section 1. Policy

The principle of cooperation underlies the financial policy. Each Credential Holder (Ordained, Minister of the Gospel, Licensed to Preach, Christian Worker) and each Affiliated/Associated church should be willing to carry their respective share of the expense of the General Council. The cooperative spirit will show itself by actual participation in the work and burden of the fellowship.

Section 2. Sources

- 1. Credential Holders:** The standard practice is that each Ordained Minister shall contribute a minimum of \$110 per month; each Minister of the Gospel shall contribute a minimum of \$90 per month; each Licensed to Preach credential holder shall contribute a minimum of \$70 per month; each Christian Worker shall contribute a minimum of \$50 per month. When a spouse of a credential holder carries a credential with the IFCA, the lesser credential holder's monthly contribution obligation is reduced by 50%. Those credential holders who are zero givers will not have their credentials renewed. Those who give a partial monthly contribution are ineligible for District or National Offices unless arrangements have been made by the appropriate district due to financial hardship.
- 2. Church Offerings:** Each church shall contribute a minimum of \$2.00 per adult attendee per month. These contribution amounts shall be based on each church's annual average Sunday adult attendance. Adults are considered attendees age 18 and above. These church contributions are to be capped but not limited to \$1,000.00. Those churches who give zero contributions shall forfeit the right to send any church delegates to convention.

Section 3. Participation

The Executive Board requires a contribution to the IFCA Financial Policy by all credential holders prior to the end of the calendar year. Said contributions must be recorded in the General Fund by December 31 of each year. If no contributions are received by that date, the pertinent district shall be informed that they are to withhold credentials from these non-contributors. If the situation is not corrected by March 31 of the following year, their credential shall be suspended. The suspended credential holder or minister must then re-apply for credentials.

Section 4. Administration

The above noted contributions from credential holders and churches shall fund both the National General Council general fund and the various District general funds.

- 1. Distribution of Contributions:** IFCA Headquarters shall collect all contributions noted above and retain 50% in the National general fund. The remaining 50% of collected contributions shall be allocated to the various District Presbyteries in the amount proportionate to District size and need. District size is determined by the number of credential holders, churches and adult attendees within a District. The current distribution allocation by District is as follows: Northwestern District 30%; Eastern District 20%; New England District 15%; Niagara Mohawk District 15%; Great Lakes District 10%; Southern District 10%.

2. **Review of Contribution Amounts:** The Executive Board shall periodically review the allocation percentages and retain the right to adjust the allocation percentages to Districts according to changes in size and need. In the event a rate increase is deemed necessary, the increase shall not exceed 5% per year.
